### **Metaphysical meaning of spiritual communication of the Bashkir people: history and modernity**

The article examines the metaphysical, philosophical sense of the spiritual communication of the Bashkirs in the history and modernity. Thus, the analysis of spiritual communion is given on the material of the Bashkir epos "Ural-Batyr", which allows to research the constructive role of the scholar-expert in the study of the "soul" of the formation of the "sense" that is expanded in a harmonic connection with the macro and microcosmos. The author concludes that metaphysical sense of spiritual communion is comparable to the discrete nature of the sociosphere and the process of intensification of cultural and interpersonal relations.

Key words: metaphysics, culture, worldview, spiritual communication, Bashkirs, values, meaning.
