### **Pedagogical support problem of management competence development of divisions troops team commanders of the national guards of the Russian Federation**

It is considered the problems associated with the pedagogical support of the development of managerial competence of Russian commanders. Through the implementation of a set of measures for the pedagogical support of development, the authors propose a methodology aimed at developing and implementing stable motives for professional activity among officers, improving the theoretical and methodical preparedness of commanders, developing the intellectual abilities of officers, and providing the necessary conditions for training and educating subordinates.

Key words: pedagogical support, development, administrative competence, troops of the National Guard.
