

## PEDAGOGY

*Yulia S. Karagodskaya, Natalya P. Ustinova*

*(Don state technical university. Rostov-on-Don, Russian Federation)*

### **Art to be a tutor**

The article deals with aspects of modern education of students at the university and the most important factors that influence the formation of the whole person. It is pointed out that the tutor of the students' group is one of the main people of the educational process. The features of the tutors' tasks and functions, the positive and negative styles of an academic group management and the principles of the tutors' work are determined. Personal qualities such as competence, communication, professionalism, resistance to stress, moral and ethical qualities, analytical skills and their impact on the effectiveness of the educational process in higher education are discussed. As a result, it is concluded that by developing, improving their personal qualities and combining elements of different styles of leadership tutors can improve the educational process.

Key words: students, tutor, supervision, education, professionalism, leadership style.
