

## PHILOSOPHY

**Guria I. Yusupova**

*(Regional center of ethnopolitical research of Dagestan federal research center of Russian academy of science. Makhachkala, Russian Federation)*

### **Threats and risks to the spiritual security of the peoples of Dagestan**

The relevance of the research topic is that the challenges of modernization and globalization pose a real threat to the spiritual security of the individual, destroying ethno-cultural traditions, leveling traditional spiritual values. The purpose of the article is to study the mechanisms of ensuring spiritual security in the context of modern modernization challenges and risks, philosophical understanding of the features of the ethnocultural tradition of the peoples of Dagestan. The article analyzes the current threats in the sphere of spiritual security, considers the features of the ethno-cultural tradition of the Dagestani peoples, which is an integral part of the evolutionary development of the spiritual sphere of society. Based on the use of a number of conceptual concepts, such as ethnicity, ethnic culture, ethnic customs and traditions, and spiritual security, the author has developed a definition of the category "ethno-cultural tradition". It is concluded that modern threats and risks in the spiritual sphere can only be overcome on the basis of integrated work to preserve the ethnocultural values of the Dagestan peoples.

Key words: ethno-cultural tradition, the peoples of Dagestan, identity, spiritual security, ethnicity, religion, interethnic harmony.
