The psychological portrait of a conflict type personality in the English fiction discourse

It is considered the essence of psychological portrait of a conflict type personality in modern English discourse. It is revealed that the speech behavior of the character and the language tools used by him can help determine his psychotype, trace the transformation of his personality and understand his motives in a better way. The significance of such kind of study is determined by the urgent necessity of theoretical reflection on basic pragmalinguistic problems.

Key words: discourse, English, psychological type, communication.
