

## PEDAGOGY

*Nadezhda P. Kleynosova*

*(Ryazan State Radio Engineering University named after V.F. Utkin, Ryazan, Russian Federation)*

### **Influence of current educational trends on the formation of a teacher's professional educational trajectory**

Based on a study by the National Research University Higher School of Economics for 2023, current global educational trends are presented. The importance of comprehensive training of university teachers in the context of digitalization of education is noted. The influence of world trends on the content of a teacher's continuous professional trajectory is considered. The experience of practical organization and learning outcomes in additional professional programs is presented using the example of the Ryazan State Radio Engineering University (RSREU), and a description of educational programs and projects is given.

**Key words:** professional trajectory of a teacher, global educational trends, additional professional programs.
